Irvine, CA 92715-1336

Dear Mr. DeBeikes:

SITE CLEANUP AT 12353 WHITTIER BLVD., WHITTIER, CA

This Department has completed its review of your consultant Geofon Inc.'s site cleanup closure report which included the laboratory data from soil samples taken after the removal of the contaminated soil.

Based on this information, we concur with your consultant that the known site contamination has been mitigated.

We have no objection with site development being initiated providing all other regulatory requirements are met. We ask that you notify us immediately of any new information or findings which would impact on the earlier environmental report.

If you have any questions, please contact James Nishida at 213/744-3223.

Very truly yours,

A handwritten signature in cursive script, appearing to read "William Jones".

William Jones, M.S., Supervisor
Investigative Section
Hazardous Materials Control Program
